

CCNA R&S Training Program

Course Summary

- 1) The CCNA Routing and Switching curriculum is a gateway to entry-level networking jobs and IT careers.
 - 2) The curriculum consists of 4, 70-hour courses: Introduction to Networks, Routing and Switching Essentials, Scaling Networks, and Connecting Networks.
 - 3) The first 2 courses prepare you for the Cisco CCENT certification exam or to study CCNA Security.
 - 4) All 4 courses are recommended before taking the Cisco CCNA Routing and Switching certification exam.
- Develop a working knowledge of routing, switching, network applications, protocols, and services.
 - Study with an instructor in the classroom and access expert content online anytime.
 - Practice what you learn on both real equipment and Cisco Packet Tracer, a network configuration simulation tool.
 - Get immediate feedback on your work through built-in quizzes and tests.
 - Prepare for the workplace with collaborative projects and presentations.
 - Connect with the global Cisco Networking Academy community.

Module Level: Intermediate Duration: 4 courses, 280 hours

Module 1 - Introduction to Networks

Module 2 - Routing and Switching Essentials

Module 3 - Scaling Networks

Module 4 - Connecting Networks
