Report on

A 2week Python Certification Programme

The Departments of CSE & IT had organized “A 2 week Python Certification Programme” from 1st to 14th February 2016. The department has invited the resource person **Gajjala Purnachander**, Industrial expert from Tata Consultancy Services (TCS).

During the First day of workshop, Introduction to Python, its modules and its importance in real time and also placement opportunities was explained. He explained python is a general purpose programming language created in the late 1980's and named after Monty python, that used by thousands of people to do things from testing microchips at Intel, to powering Instagram to build videos with the pygame library. The purpose of conducting this work shop is to improve the technical skills of students.

During all other days of workshop, he explained about programming structure, also how to work with different application in real time by using different concepts in Python like Error and Exceptions, Control Statements, Standard Libraries etc. and made students to work on simple programs with many exercises.

The workshop was mainly focused on III-year B.Tech students. Around 108 students benefited from this workshop. A good feedback was given by the participants. This 2 Week workshop was coordinated by Mr. Murali Nath R S and Ms. K.Sandhya Reddy
