Dear All,

We are happy to share the final shortlist for the 2016-2018 batch. Please check your emails for google sheet which has all student details college wise. What is expected out of the college is mentioned below:

1. College SPOC need to **verify and validate the intermediate**, Year 1 & 2 marks of the students of their respective college and update the status on the google sheet. Do indicate discrepancy if any.
2. The last column which captures fee details will be filled in **only by the TASK representatives**.

NOTE: As this a google sheet you needn't download, please update all the relevant information on the sheet and leave as it is. I shall take all the inputs from the sheet itself.

You could reach out to me for any further clarification or information on this.

College SPOCS need to share the information with the shortlisted students and make them aware of the next step which is fee payment in coordination with TASK representative.

Warm Regards,
Ekta Choudhary
